INTERPRETATIONS 1

1. System of values mutually contradictory

(see: circular theory)

2. Values common lexically but decoded differently

(see: cultural scripts)

3. Values superficial

(see: values stratigraphy)

INTERPRETATIONS 2

4. Inefficient design of system of delivery (scout method)

(see: pedagogy)

5. Inefficient delivery of system of delivery

(see: training of leaders)

FUTURE PLANS?

PART 2: MOTIVATIONS

THEORY — REMINDER 1

No matter how bad I've been feeling, volunteering helps me to forget about it.

protection

Volunteering helps me work through by own personal problems.

I feel compassion toward people in need.

values

I am concerned about those less fortunate than myself.

THEORY — REMINDER 2

Volunteering can help me to get my foot in the door at a place where I would like to work.

career

Volunteering experience will look good on my resume.

Volunteering is an important activity to the people I know best.

social

My friends volunteer.

THEORY — REMINDER 3

I can learn how to deal with a variety of people.

understanding

I can explore my own strengths.

Volunteering makes me feel important.

enhancement

Volunteering makes me feel better about myself.
